Welcome to Virtual APA!

August 2022

Dear SCCAP members,

Welcome to the American Psychological Association Convention 2022! We are so excited to be back in person again for APA 2022! After two years of virtual conferences, it is so exciting to be in community as we share our ideas, research, and passion for clinical child and adolescent psychology.

The research and scholarly work presented this year represents cutting edge work focused on identifying drivers of disparities in mental health services and implementing solutions to promote equity. Invited talks and the presidential focus on leaders in our field who have dedicated their research and clinical practice to improving the quality of mental health services for minoritized youth. We believe this programming will leave you excited and inspired!

As always, Joy and I are incredibly grateful to the team of reviewers who volunteered their time to help us build this program. Amanda Bowling, MA, Belinda Chen, BA, Dominique Egger, MA, Spencer Evans, PhD, Meghan McBride, MA, Hanan Salem, BA, and Sylvana Vargas, PhD were excellent reviewers of the excellent proposals we received this year.

We are certain that you will have many opportunities to engage, learn, network, and enjoy yourself this year in Minneapolis! Be sure to follow us on Twitter: (@SCCAP53). We will be posting highlights of our programming and hoping to keep the conversations going. If you use social media, be sure to tag us with **#SCCAPatAPA #APA2022**.

Miya Barnett, PhD & Joy Gabrielli, PhD

SCCAP Programming Co-Chairs

Mission SCCAP Division 53

MISSION

SCCAP enhances the science and practice of clinical child and adolescent psychology by supporting its membership, and the field's workforce, in the domains of (a) research; (b) evidence-based practice; (c) training and career development; (d) diversity, equity, and inclusion; and (e) dissemination.

The Vision of SCCAP is to improve the mental health and resilient development of children, adolescents, and families with full commitment to promoting diversity, equity, and inclusion. In the service of these goals, SCCAP promotes the general objectives of the American Psychological Association.

VISION

From its inception, the Society of Clinical Child and Adolescent Psychology (SCCAP), APA Division 53, has been committed to advancing the clinical knowledge base and services provided to children and their families.

SCCAP continues this important agenda through policy work as it relates to child and adolescent mental health, through shaping and building the scientific practice, and through conferences designed to bring cutting-edge clinical research to frontline practitioners.

SCCAP's creation, growth, and advancement continue to demonstrate a commitment to both science and practice. Through the membership's expertise, energy, and commitment, and the financial and journal resources, SCCAP is in a unique position to influence the research and clinical practice of child and adolescent psychology now and in the future.

SCCAP's educational and scientific conferences strengthen efforts to advance the knowledge and skills of practitioners and researchers.

Thanks to your membership, SCCAP is able to work toward improvements in children's mental health care services at local and national levels. It also offers advocacy in support of mental health careers and training. Because of SCCAP's continued growth, which is directly related to representation on APA's Council of Representatives, SCCAP's membership has a strong voice on APA task forces and committees, as well as participates in ongoing discussions on clinical child specialization and accreditation.

Member Benefits

Join us! Together we can advance the cause of promoting healthy mental health for children and adolescents. Visit **SCCAP53.org** for complete membership information.

Member Discounts — Members receive discounted registration at Miami International Child and Adolescent Mental Health Conference. Taylor and Francis also offers discounts on their publications to SCCAP members. SCCAP Webinar rates are reduced for members.

Grants and Awards — SCCAP invests in its members by offering many award and grant opportunities in research and practice.

Our Journals — Journal of Clinical Child and Adolescent Psychology is a leading child psychopathology and treatment journal and Evidence-Based Practice in Child and Adolescent Mental Health is an evidenced-based practice-oriented journal.

Listserv Forum Discussions — Join our network of thousands of psychologists and students through our online, members-only community! Our listservs provides opportunity for peer consultations, resource requests discussion forum for practice, scientific and professional topics, job openings and APA updates. Students may join the student only listserv. SIG has their own content specific Listservs.

Our Newsletter — InBalance offers topical features, news of interest, and important policy related information.

Professional Consultations and Discussions — A members-only listserv provides opportunities for professional peer consultations and for scientific and professional topics. Students may also join a Student Only listserv.

Convention Activities — We sponsor activities at the APA Convention and regional conferences, including symposia, workshops, poster sessions, and social hour. Learn, exchange information, and stay abreast of current clinical and research topics. SCCAP sponsors the Leadership Education to Advance Diversity Institute (LEAD) as an educational and networking opportunity for under-represented members.

Continuing Education and Professional Development — CE credits can be obtained at the APA annual convention and through the SCCAP webinar series. The online Career Center is a repository for members looking for internship and professional career openings. Members have access to thousands of journals, psychological and medical textbooks, government and open databases, prescreened peer-reviewed articles, and online databases. SCCAP members receive one free CE unit for participating in the R. Bob Smith webinar.

Special Interest Groups and Task Forces — Help us by joining the efforts to advance the issues around children and adolescent mental health. SCCAP sponsors several SIGs that have their own Listserv for a more content specific community. Instructions for joining or starting a SIG are online.

Focus on Students — SCCAP invests in the future by supporting its student members. For easier access students receive free memberships and webinars, manage the Student Development Committee and serve on all SCCAP committees, and mentorship programs

Advocacy for Children's Mental Health — Perhaps most importantly, Division 53's strength and size offer a crucial opportunity for advocacy. Thanks to your membership, SCCAP is able to work towards the improvement of children's mental health care services at local and national levels and offer advocacy to support mental health careers and training.

2022 SCCAP Fellows

Fellow status requires that a person's work has had a national impact on the field beyond local, state, or regional levels. A high level of competence or steady and continuing contributions are not sufficient solely to warrant Fellow status. In order to demonstrate outstanding contributions or performance in clinical child and adolescent psychology, the applicant must be able to provide:

- Documentation of sustained contributions or performance in clinical child and adolescent psychology over a period of a minimum of ten (10) years
- Evidence of distinctive contributions to clinical child and adolescent psychology that are recognized by others as excellent
- Data exhibiting a documented impact beyond the immediate setting in which the candidate/nominee works

Initial APA Fellows:

Announced after the APA Council Meeting

SCCAP Fellows:

Mary Karapetian Alvord, PhD	Alvord, Baker & Associates, LLC
Debora Bell, PhD	University of Missouri-Columbia
Kathi Borden, PhD	Antioch University New England
David M. Brodzinsky, PhD	Rutgers University, Professor Emeritus
Guy Diamond, PhD	Drexel University
Mona El-Sheikh, PhD	Auburn University
Eva L. Feindler, PhD	Long Island University
Linda Reddy, PhD	Rutgers University
Christina Rodriguez, PhD	University of Alabama at Birmingham

Thank You to Our Award Reviewers

Thank you to the community of dedicated volunteers that took the time to review applications for the SCCAP Awards Program. Through your efforts SCCAP was able to incentivize members that are dedicated to the science and practice of advancing good mental health for children and adolescents.

IMPROVING THE
MENTAL HEALTH OF
CHILDREN,
ADOLESCENTS AND
FAMILIES**

LIFE-LONG LEARNING MADE EASY

SCCAP offers several vehicles for staying up to date on evidence-based practice and other issues relevant to child and adolescent mental health. Our sponsorship of a broad range of conferences aims at providing elements at all career stages. The **webinar series** focuses on topical issues. SCCAP53.org contains links to keynote speeches and **treatment training videos** developed in partnership with the FIU Center for Children and Families. Personalized learning is also available by participating in SCCAP's **Mentor programs**. Access to educational opportunities is made easier through our **awards program**.

CE & CONFERENCE PROGRAMS

SCCAP takes an interdisciplinary approach to sponsoring CE programs as a way to more broadly advocate for children's mental health & to provide members with a variety of network of experiences. CEU's are offered through our APA Conference programming, Webinar Series, and a variety of [SCCAP sponsored conferences](#). SCCAP co-sponsors MICAMH and other conferences that provide child and adolescent focused programming.

JCCAP Future Directions Forum

We launched the *Future Directions Forum* to help early career scientists build their scientific toolbox. The *Forum*, dedicates a full day to offering professional development workshops, as well as small group and one-on-one expert consultations on all aspects of academic work. We webcast many of these events online so that those who cannot attend in-person can have access to this content from wherever they are. jccapfuturedirectionsforum.com

Clinical Practice Institute

A new series of half day presentations and practice sessions designed to enhance your evidence-based practice. 2022 Theme: Culturally-sensitive Evidence-Based Practices with Children and Families.

LEADERSHIP EDUCATION TO ADVANCE DIVERSITY INSTITUTE

The LEAD Institute provides professional development, networking, and leadership skills for graduate students and early career professionals. The biennial full-day leadership institute offers LEAD fellows sessions with invited guest speakers that address topics such as: leadership in the community and profession, cultural sensitivity in practice, tips on publishing, and learning skills in media psychology.

PROFESSIONAL DEVELOPMENT AWARDS

SCCAP provides members with the opportunity to apply for several different awards that provide funds for traveling to conferences, conference registrations, and educational material.

2022 WEBINARS

March 3; Anna Lau, PhD *Research and Community Approaches to Adapting Evidence-based Interventions for Diverse Youth Families*;

Student Mentorship Program

"Productive and successful careers typically reflect the important role of mentors and mentorship. Reflecting its significant value, the student mentorship program offers opportunities to build professional relationships that will likely facilitate your own development."

STEVE LEE, 2018 SCCAP PRESIDENT

"Colleagues are a wonderful thing – but mentors, that's where the real work gets done." — Junot Diaz

SCCAP's mentorship program aims to consistently develop future leaders in the field of psychology who will strive to uphold the values of scientific excellence and a commitment to the wellbeing of children and adolescents across a variety of research and clinical settings.

Our program's mission is to facilitate meaningful mentoring relationships among SCCAP professionals and students. We believe in the power of mentoring to foster personal and professional development, enhance connections to the clinical child and adolescent psychology community, mutually build professional networks and support systems and, subsequently, provide only the highest level of care to the people we serve.

WHO: Undergraduate students, graduate students, early career professionals (ECPs). The program welcomes both research- and clinically-focused participants.

WHAT: Undergraduates are paired with a graduate student mentor, graduate students are paired with an ECP mentor

HOW: Mentorship dyads are matched based on participants' interests and goals. After being matched, participants are encouraged to get to know their mentor/mentee through regular contact (e.g., email, phone calls, video chats).

FAQ

Will I be matched with a mentor/mentee in my city? No, you could be matched with a mentor/mentee located anywhere in the country!

How often will I talk to my mentor/mentee? It's up to you! We encourage dyads to discuss their mutual goals and collaboratively set expectations for contact.

What should we talk about? The mentorship program focuses on professional development. The most common topics of conversation are CV development, graduate school options, interviewing strategies, and internship/clinical experiences. Dyads will also receive periodic check-ins from the program coordinators that will include
